

FAKENHAM PREPRESS SOLUTIONS

Thank you for choosing Fakenham Prepress Solutions for your website. Just a few details below that you should be aware of before we start your design.

After your initial meeting with us, and when you have confirmed you wish to go ahead with the website, we will give you a 30-day period to gather your content, images and any other details together. In the meantime, we will make a start designing the site (the 30-day period will start when we begin the first-stage work).

After the 30-day period we will invoice you for the website. Once the 30-day period has expired you will then have a 6-week period when you can have any minor updates on your site completed **for free!***

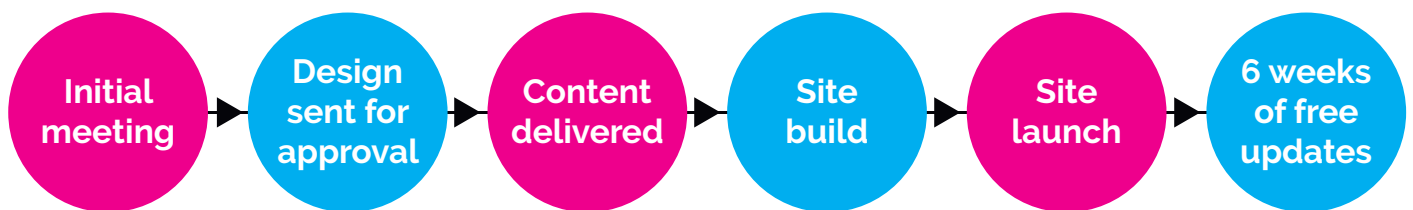

**6 weeks of free updates are for text or image change. This does not include layout adjustments or major changes to site structure (all designs must be signed-off by the customer prior to any site building taking place). Any charges after the 6-week period will be charged at an hourly rate of £25 per hour.*

If you would like us to source the website content for you, no problem. We can quote you depending on the amount of content you require and the turnaround time.

If you have any questions please do not hesitate to get in touch.

Thank you.
